

Emporio Casa Real Estate

Do you feel a little behind in today's real estate technology?

- Our broker, Rick Rosen, CRS, has 27 years full time experience, and, was one of the first Realtors in southeastern Michigan to own and operate a computer in 1979.
- Emporio Casa offers many technologies; including in house web-site design (see-agent created tours at www.emporiocasa.org), talking house, contact management (top producer), high quality low cost brochures & much more.

High speed MLS and internet networked throughout the building.

The Emporio Casa founders story.

Rick Rosen
Broker/Owner

“My father, who was an area builder, nurtured my love for housing. His most important contribution to me was his “Client for life” philosophy. He would provide service, long after the required warranty period, to his customers. They in turn supported him by returning to build with him their second and third homes. In my practice of real estate, spanning 27 years, I am now selling my original clients’ children their starter homes.

I have enjoyed a very successful career since 1979. As one of the first Re/Max brokers in Michigan, I recently retired from Re/max with the honor of having been inducted into the 2002 Re/Max Hall of Fame, to open my own real estate brokerage—Emporio Casa Real Estate Services.

**ARE YOU READY
FOR AN ADVENTURE
THAT IS BOTH
CHALLENGING
AND REWARDING?**

20 weeks of high intensity marketing training follows your pre-licensing course of study. Newly licensed agents earn income while learning trade craft that will bring their expertise level comparable to agents with 3 to 5 years Experience.

★ **YES, Sir! I'm Ready!** ★
